

PORTFOLIO

FLUTINGS - LIGHT Weight

Semi-chemical fluting from 100% primary fibres!

High and consistent quality guarantees an excellent runability. Due to its low grammage, this fluting is particularly suitable for micro corrugated applications.

LINERS - PURE taste

Growing requirements for liners in packaging with food contact demand reliable solutions!

From take-away pizza boxes to attractive beverage packaging, our offered liners guarantee strength, purity, hygiene and good printability.

CARTONBOARD - CARRY and comfort

Virgin cartonboard for dedicated packaging solutions!

We support brand owners, converters and packaging designers with a first class material reflecting the growing demand for luxury packaging applications.

UNBLEACHED sack | kraft paper - BROWN and fresh

Unbleached brown bag papers are mainly used for the packaging of food.

The brown kraft quality is perfectly suitable for sacks for construction material and other industrial products.

BLEACHED sack | kraft paper - WHITE & strong | white KRAFT

Reducing paper consumption but increasing productivity!

Bleached white kraft and sack papers are showing unique characteristics like high strength, high stiffness and excellent printability.

NEWS|BOOK|MAGAZINE paper - UNIQUE printability, BULKY & NEWS

The best medium for nonverbal communication is paper.

Attracting customers with newspapers, books, magazines or direct mailings by offering a broad portfolio of publication paper to fully support your business.

THINPRINTING paper - THIN & white

Guarantee best runability in thin printing!

We offer thin printing papers with high opacity for inserts and outserts, book publishing and instruction manuals for pharmaceutical applications.

GRAPHIC paper & board - NATURAL and colourful papers

Tailor made solutions for graphic boards and creative papers!

Our portfolio covers graphic boards for luxury packaging, presentation folders, greeting cards, promotion materials, brochures and colourful creative papers – even in black!

SECURITY ELEMENTS| FOIL | PAPER - ELEMENTary SECURITY features

Protection against counterfeiting and manipulation!

Highly sophisticated security features like high-quality security papers and security foils protect valuable documents like passports, bank cheques, revenues and fiscal stamps.
